

TIM JOSH T. CUASAY

UI/UX DESIGNER

(+63)9950076991 | cuasaytimjosh@gmail.com | Calapan City, Oriental Mindoro

SUMMARY

UI/UX Designer experienced in creating responsive and accessible (WCAG-compliant) designs that work seamlessly across web and mobile platforms. Skilled in information architecture, interaction design, and user research methods such as usability testing, A/B testing, surveys, interviews, and heuristic evaluation. Strong background in building interactive prototypes, wireframes (low and high fidelity), user flows, and mockups to transform concepts into practical, user-centered solutions that improve both usability and business outcomes.

EDUCATION

Mindoro State University - Calapan Campus 2021 - 2025
Bachelor of Science in Information Technology (BSIT)

SKILLS

- Design Tools:** Figma, Framer, Adobe Photoshop
- Frontend Development:** HTML, CSS, JavaScript, Tailwind CSS, Bootstrap
- Development Tool:** Visual Studio Code
- Web Design & CMS Platforms:** WordPress, Wix Studio, Framer
- Collaboration Tools:** Notion, Discord, Microsoft Teams

EXPERIENCE

Elephant in the Boardroom Philippines Calapan City, Oriental Mindoro
UI/UX Designer and WordPress Developer Intern Feb - May 2025

- Designed and developed the Quisha's Kitchenette Restaurant website using Figma and WordPress, delivering a responsive and user-friendly UI/UX to effectively showcase the restaurant's menu, ambiance, and services.
- Collaborated with the lead designer on the redesign of PrimeLending Solutions and BangPop websites, enhancing visual appeal, accessibility, and overall user experience.
- Performed UI and usability testing to identify and resolve issues, ensuring smooth user experience across desktop, mobile, and tablet devices.
- Conducted manual testing for responsiveness, cross-browser compatibility (Chrome, Microsoft Edge, Brave), and design consistency.
- Applied WCAG accessibility standards to improve inclusivity and compliance, ensuring websites were usable by a wider range of users.
- Carried out usability surveys and user interviews to gather insights, validate design decisions, and improve overall user satisfaction.

Freelance UI/UX Designer

Self-Employed / University Projects | 2023 - 2025

- Designed responsive websites for academic and student-based projects, applying UI/UX principles to deliver user-friendly, visually engaging, and accessible digital solutions.
- Created wireframes, mockups, and interactive prototypes using Figma, Adobe XD, and Photoshop to present design concepts to student clients for feedback and approval.
- Conducted user research and usability testing with students and target users, identifying design improvements to enhance overall usability and accessibility (WCAG).
- Collaborated with clients and project stakeholders using Notion, Microsoft teams, and Discord to manage requirements, gather feedback, and deliver solutions on time.
- Delivered multiple UI/UX design solutions that were successfully implemented in university capstone projects, and client-based student initiatives.

ADDITIONAL INFORMATION

Languages: English - Basic (verbal and written), Filipino - Native Fluency
